

LONG EXCHANGES IN ANCONA CASE LIKELY

Effort to Negotiate Agreement With Austria Similar to That With Germany Probable.

Another long series of diplomatic negotiations over submarine warfare was predicted by officials today before settlement is effected regarding the sinking of the Italian liner Ancona. Indications are that this Government cannot take an initial step in protesting to Austria short of two or probably three weeks.

Serious conflict of versions regarding the attack and great difficulty in securing information from isolated places where the vessel's survivors landed, according to officials, is operating to delay diplomatic measures.

That a determined effort will be made to negotiate an agreement with Austria, similar to that with Germany, for future conduct of Austria's submarine warfare, is evident. The Ancona incident presents the opportunity, it is felt by the Administration.

The Italian official statement, presented by Italian Ambassador Celere, State Department officials hold, does not materially clear up the circumstances of the Ancona's attack. The American Government is relying upon efforts of American consul at Trieste, Malta, and elsewhere to secure independent affidavits.

Fight For Child Carried To D. C. Court of Appeals

The fight of a mother to regain custody of a three-year-old daughter alleged to have been kidnapped from her home and placed in the Washington City Orphan Asylum has been carried to the District Supreme Court in a petition for a writ of habeas corpus filed by Mrs. Mabel E. Lowe. In the petition Mrs. Lowe charges that her daughter was kidnapped from the home of her grandparents at Good Hope by Arthur Lowe, a brother of her husband, James P. Lowe, from whom she is separated, and carried in an automobile to the orphanage. This was on October 31. Mrs. Lowe's petition recited, and she said she did not find the child until November 11. She asks that the Washington City Orphan Asylum be directed to return the child to her.

G. U. Hospital Complains Of Noise Made By Cars

The Public Utilities Commission today received from the ladies' board of the Georgetown University Hospital a letter asking if arrangements can be made with the Washington Railway and Electric Company to minimize the noise incidental to the operation of cars near the institution. Endeavor was made. It is stated, to secure the removal of the tracks from Thirty-fifth to Thirty-fourth street, but the board was informed by officials of the company that this could not be done. A copy of the letter will be sent to the company.

GERMAN PRESS MUST PRINT FOES' REPORTS

To Carry Them in Full Unless Prevented By Financial or Technical Reasons.

German newspapers will be required, wherever practicable, to print the full text of the allies' official war reports, according to a statement issued today at the German embassy.

The statement sets forth that German army headquarters desire the publishing of unfavorable as well as favorable items, and military censors have been ordered to pass official enemy war reports without mutilation.

"The publication of the official reports of our enemies in regard to the war on land is still being treated in different ways by the German newspapers," said the statement. "Many of them publish the report in toto, others only publish extracts. Cases have also occurred where such news items which are unfavorable to us are eliminated from the report at the order of the censor."

"The latter procedure does not correspond with the opinion held by the army headquarters that the unabridged quotation of the reports is required at all times, except in cases in which financial reasons or technical difficulties demand special consideration."

"We have the less reason to fear the unbridled publication of enemy reports, as our own war reports are strictly according to the truth, giving everybody an opportunity of forming a correct conception of the situation. The fear that the official reports published by the enemy might sometimes cause uneasiness is counterbalanced by the consideration that facts can never be concealed for any length of time, and that lies are always recognized as such in the end."

Suffragists Pleading in Twenty-Two States Today

Suffragists in twenty-two States today are holding mass meetings as a farewell appeal in behalf of the Susan B. Anthony suffrage amendment to the Federal Constitution, before their Congressmen leave home for Washington. These meetings were arranged by Mrs. Medill McCormick, chairman of the congressional committee of the National American Woman Suffrage Association, and in all cases the Congressmen have been invited to speak. There will be a variety of women speakers in hand, also, it is stated, and if any arguments against woman suffrage are offered, women will be there with answers ready.

In Baltimore a large mass meeting is being held this afternoon to which three Congressmen have been invited. District meetings are scheduled for this afternoon and tonight in Maine, Connecticut, Rhode Island, Maryland, South Carolina, Florida, Alabama, Louisiana, Tennessee, Kentucky, Ohio, Indiana, Illinois, Wisconsin, Michigan, Missouri, and North Dakota.

Fail to Apprehend Men Who Shot Mrs. Merritt

RUFFALO, N. Y., Nov. 15.—Hunters responsible for the shooting of Mrs. John A. Merritt, wife of the former postmaster of Washington, while she was motoring on the Williamsville road last Thursday, have not been apprehended. Deputy sheriffs are trying to locate a green touring car said to have been used by the hunters. In an effort to identify the occupants.

Mrs. Merritt is considerably improved, and it is believed she will be able to leave the hospital for her home in a few days.

CANNOT GUARANTEE SHIPS FROM SEIZURE

Embarrassing Situation Explained By State Department Official.

GUARANTEES CANNOT BE GIVEN BY UNITED STATES

Considerable surprise was manifest in official circles here today when it was learned that Mrs. Huntington Wilson had been granted a divorce from the former Assistant Secretary of State on the ground of mental cruelty.

Mr. Wilson filed a suit for divorce several weeks ago on the ground of desertion and it was stated in Reno, where the proceedings originated, that Mrs. Wilson would make no defense.

It became known today that instead of defending herself in the suit against her, Mrs. Wilson filed a cross bill in which she alleged that her husband was "unkind, inconsiderate, unjust and sometimes sharp and harsh" with her.

AVOID ALL MEAT IF KIDNEYS AND BLADDER BOTHER

Uric Acid in meat excites Kidneys and irritates the Bladder.

Take Salts at first sign of Bladder weakness or Kidney-Backache.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it.

LIFEBOAT INDICATES LOSS OF STEAMER

German Vessel's Destruction By British Submarine Feared in Copenhagen.

COPENHAGEN, Nov. 15.—It is feared today that the German steamer Herminia has been destroyed by a British submarine, with the loss of her crew. An empty lifeboat from the Herminia was found at the mouth of the Lulea river, northern Sweden.

The Herminia is not officially listed.

Captain of Rochambeau Ignorant of Fire's Cause

BORDEAUX, France, Nov. 15.—The French liner Rochambeau arrived here today with Captain Juhan still undecided concerning the cause of the fire which broke out in the vessel's hold off Halifax.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Brew Tea, or as the German folks call it, "Hamburger Brust Tee." At any pharmacy take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve, and drink a teaspoonful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold.

It is inexpensive and entirely vegetable, therefore harmless.—Adv.

HUNTINGTON WILSON DIVORCE IS SURPRISE

Instead of Defending Herself Against Suit, Society Leader Filed Counter-Action.

Considerable surprise was manifest in official circles here today when it was learned that Mrs. Huntington Wilson had been granted a divorce from the former Assistant Secretary of State on the ground of mental cruelty.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is beneficial for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.

Very Effective Method for Banishing Hairs (Modes of Today.)

At very little cost any woman can rid her face of hairy growths, if she will use the delicate treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Adv.

and that his mental cruelty toward her undermined her health and caused a nervous breakdown. The original petition and the cross bill were heard at the same time and a decree was awarded Mrs. Wilson, who appeared on the stand and detailed her story of alleged mental cruelty.

Mrs. Wilson, who is one of the most beautiful women ever identified with the Diplomatic Corps here and is internationally famed for her hospitality, has gone to San Francisco to spend the winter.

Lime Against Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared this statement concerning calcium (lime) medication in the treatment of tuberculosis.

"Under the systematic, continued and persistent regime of calcium assimilation, Van Gleason has seen a number of his patients improve."

"The spouter cleans up of tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis."

Ethical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have secured like results through the use of Eckman's Alternative.

Since calcium is a constituent of this remedy, its healing power may be due to the way this element is so combined with other valuable ingredients as to be easily assimilated.

Eckman's Alternative contains no narcotics, narcotics or habit-forming drugs as it is safe to try. Sold by O'Donnell's Drug Stores.—Adv.
